

# RMS Nature & Garden Club

RMS Garden Club is a service club that maintains gardens around the school. Club members get to learn about plants, from seed to harvest, in a small group setting. Fall projects include harvesting garden crops, craft garden projects, planting fall crops, maintaining the native plant garden, and collecting seeds to feed the birds and start our garden in the spring. Meetings begin again in the spring at the end of March.

We will be meeting Wednesdays this fall from **2:30 – 3:30**.
