Jerry Spinelli	
Jean Craighead George	
Lois Lowry	
James Howe	
Laura Ingalls Wilder	
Jackie French Koller	

The Importance of Summer Reading

Research shows that children who don't read over the summer, especially young students and struggling readers, can lose up to three months of learning in just one summer.

There are easy steps to take to avoid summer regression in literacy. Reading just a few books this summer, visiting the local library, and insisting that children make time for reading can curb the summer slide.
