

Board Goals 2024-2025

Academic Achievement - The Board is dedicated to creating and implementing systems and frameworks that prioritize academic success, ensuring it remains a central focus in decision making.

Governance and Structure - The Board of Education aims to enhance the effectiveness of its committees and overall Board operations by conducting a comprehensive review of existing committee protocols, evaluate Board onboarding processes, and study Robert's Rules.

Communications - To enhance communications and foster community engagement with all stakeholders, the Board will broaden its efforts to highlight and celebrate district accomplishments.

Referendum - The board will collaborate with the administration to identify district capital project needs for a referendum. They will develop a comprehensive communications plan to engage stakeholders.

Safety - To continue to upgrade and refine safety and security measures to ensure student and staff safety.
