# What was our goal?

After the shooting in Uvalde, TX the district administration and Board of Education began to consider ways in which school **safety and security could be enhanced and augmented** for the safety of students, staff, visitors, and community members.

**Goal:** Develop a new Safety and Security Plan that included four (4) Class II/III Police Officers, one for each school building.

**Actions:**

- Collaborate with local police and the Township officials;
- Conduct a financial analysis of such a goal;
- Make recommendations for the best use of officers in the buildings.

- Can be renewed on an annual basis.

# Officer Responsibilities

The responsibilities of officers while on school grounds include, but are not limited to, the following:

- Assist school personnel in dealing with emergencies;
- Patrol school buildings and grounds and protect from illegal or potentially threatening activities;
- Inspect points of entry/exit;
- Report and address any observed irregularities;

This job of keeping our children  
safe, and teaching them well, is  
something we can only do  
together, with the help of  
friends and neighbors, the help  
of a community, and the help of  
a nation.
